

LEARN AT HOME!

Sometimes an impromptu day off school can be exciting, but we know this feeling doesn't last long and that the next few months are likely to be a challenge for both parents and kids alike.

We have therefore created a pack full of fun videos, competitions, reading material and educational activities to support families while you learn at home.

Enjoy, have fun, and let us know how you are getting on by reaching out to education@bornfree.org.uk with your questions and news.

Ready to go online resources:

- Why not try out our [Big Cat Quiz](#)?
- Enter our [photography competition](#), open to everyone aged 8-11 (closing date 30th April 2020)
 - Wildlife on Your Doorstep – this could be in your garden today or on a recent holiday or visit to the park
 - Photos can be entered into one of the following categories: big; small; urban; rural; and superhero
 - Details on how to enter and the terms and conditions can be found here: [Poster](#)
- **Watch one of our many wildlife videos:**
 - [Learn six incredible giraffe facts](#)
 - [Visit some Ethiopian wolves](#)
 - [Meet a ranger dedicated to protecting rhinos](#)
 - [Get to know Jora and Black](#)
 - [Meet Ciam and King](#)
 - [Or just enjoy that #FridayFeeling](#)
- [See what wild orca and sea lions are up to today: https://explore.org/search/orcalab](https://explore.org/search/orcalab)

- We have a host of facts and information for you to read about:
 - Our monthly fact files – [Hear the Roar Extra Loud](#) (you can also sign up for free to receive future issues)
 - Our kids' magazine – *Hear the Roar!!*:

[Issue 1](#)

[Issue 2](#)

Or, why not try your hand at gardening if you have the space. Here are some tips:

- http://www.bbc.co.uk/gardening/gardening_with_children/
(but please don't catch the bugs – why not see how they move around your garden instead?)

Parents and teachers, you can also download our Key Stage 2 activity packs and help your kids learn more about wildlife through Art & Drama, Maths & Science or English & Geography

- Each of the activities is designed to take roughly 20-45 minutes (with a few longer projects) and includes a list of what materials you will need
- Some activities can be done alone, while others can be done with siblings and parents
- Where relevant, we have also included notes on where this activity might link to the National Curriculum.

These can be downloaded directly from the Born Free website by visiting:

www.bornfree.org.uk/learn-at-home

Alternatively, you can find our full teaching resources on the TES website:
