
How a Zoo Animal Feels

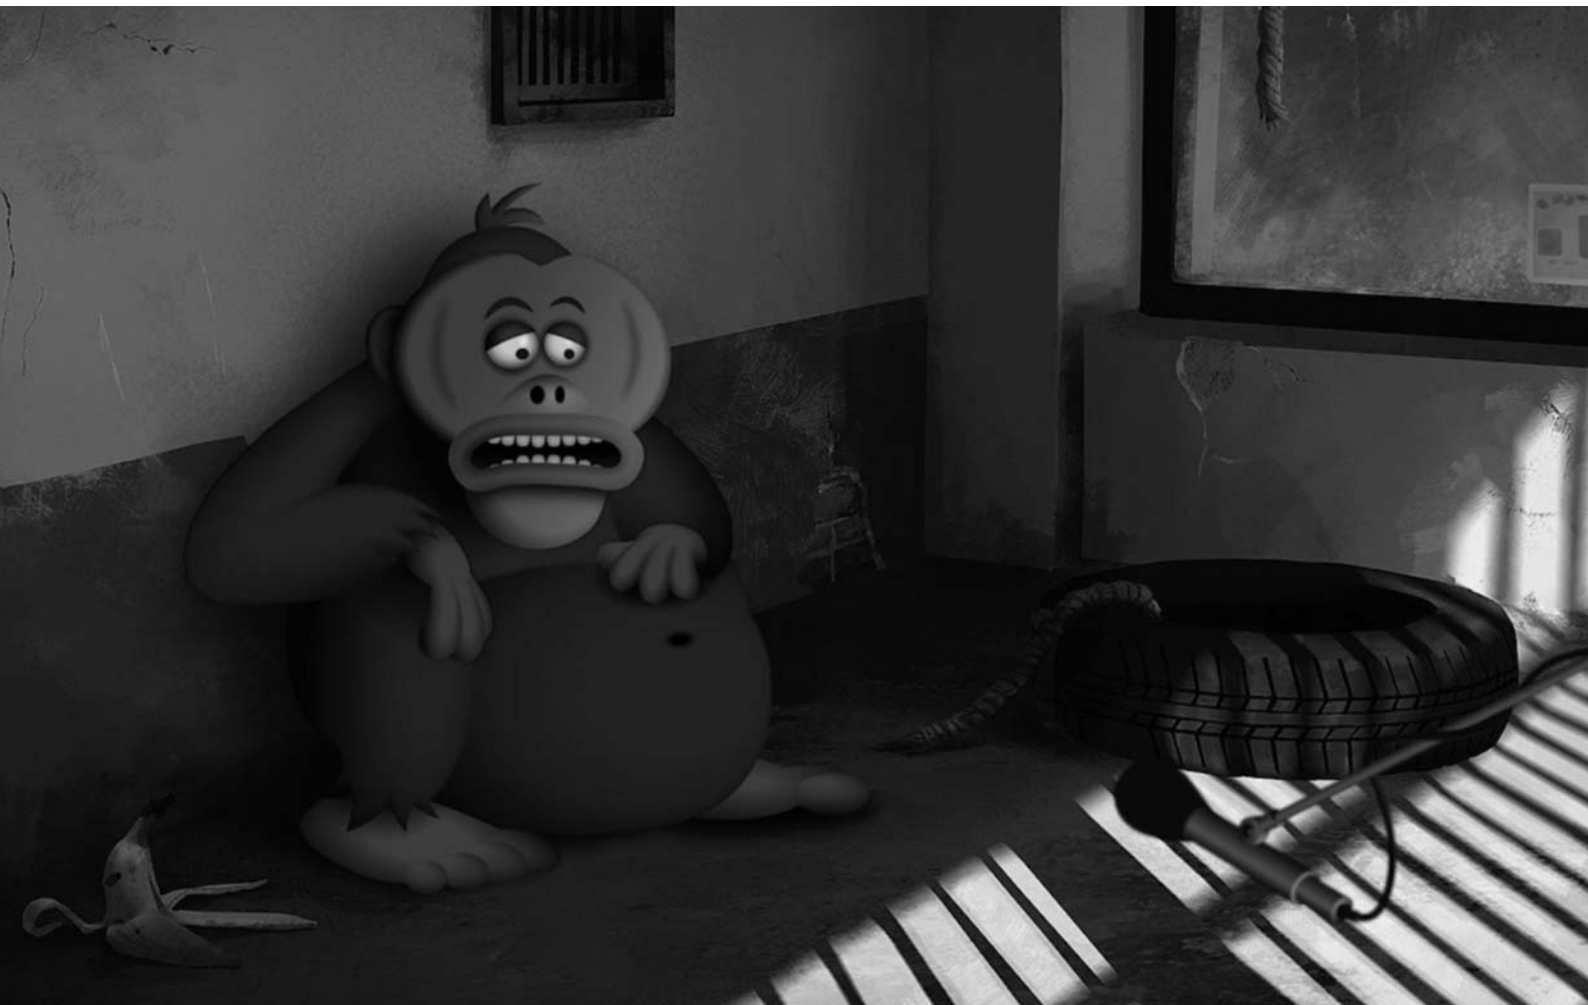

How have you felt in lockdown? Bored? Lonely? Sad?

Think about how an animal might feel living in a zoo. Watch our film **Creature Discomforts** for some more ideas. Remember our lockdowns, whilst they have been hard, have not lasted long. Animals in zoos stay in lockdown forever.

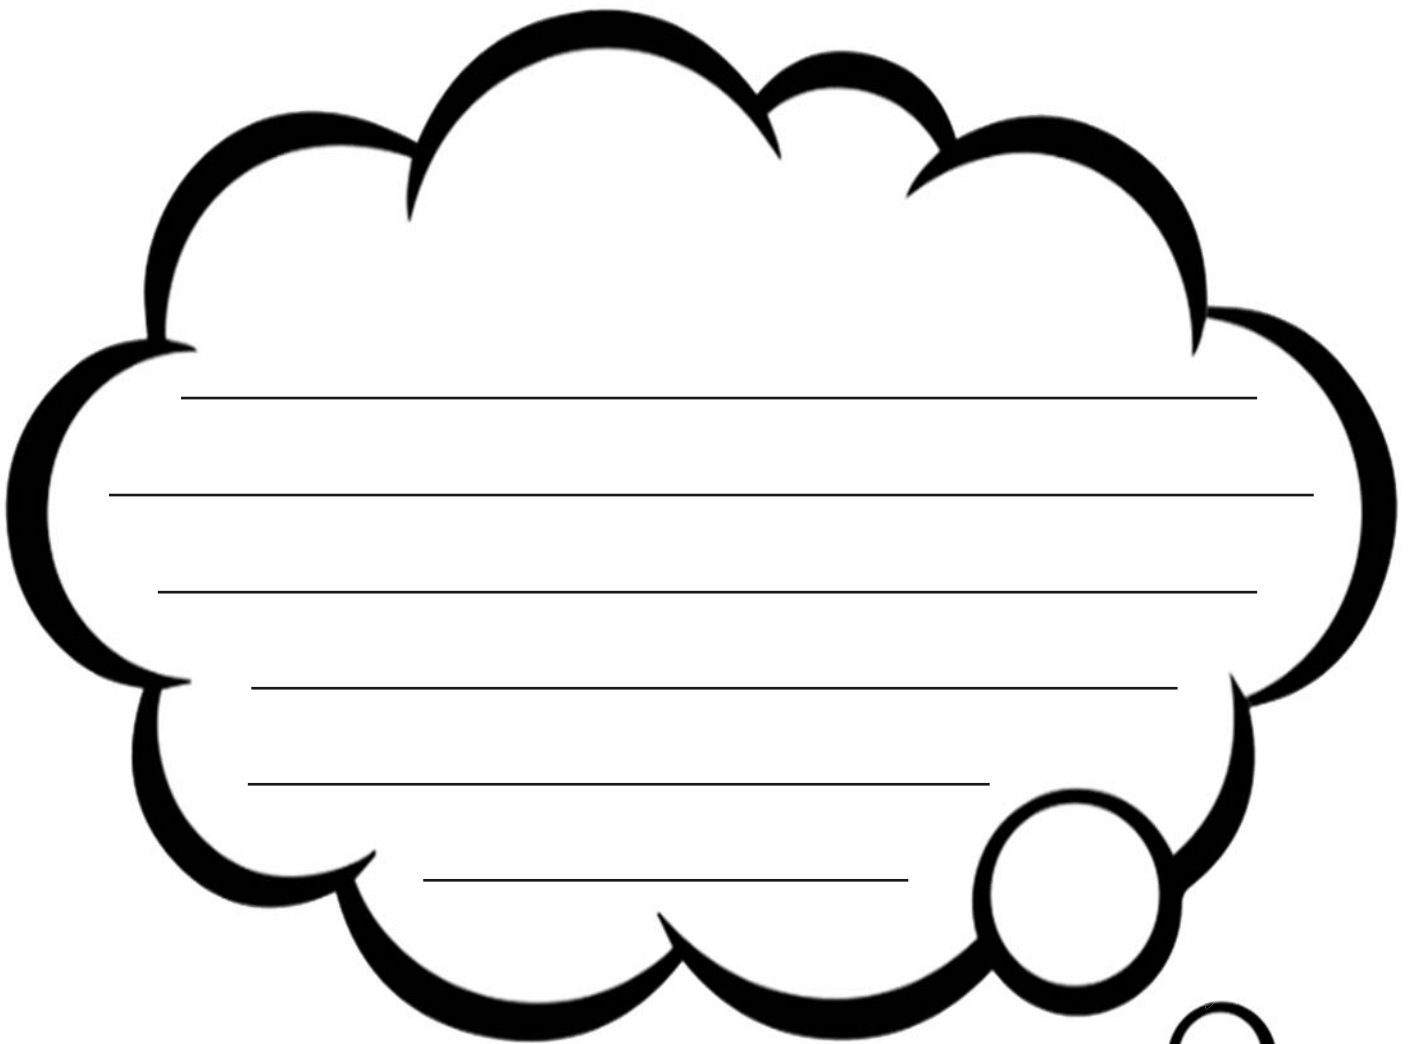

Your Task:

Think about how **you** have felt during lockdown. Now imagine you're an animal living in a zoo. Write a diary entry about **their** life in lockdown in the thought bubble overleaf.

You can draw too! Use your feelings from lockdown to help you.

How a Zoo Animal Feels

Diary Entry Checklist:

- First person (I, me, myself)
- Past tense
- Feelings
- Time connectives
