

LEARN AT HOME

Whether you are looking for something to engage the children in holiday time, or your children are home-learning full time, Born Free has something for you. Alongside fun videos and activities, we have created a range of exciting curriculum-linked learning resources to support families and teachers alike.

Enjoy, have fun, and let us know how you are getting on by reaching out to education@bornfree.org.uk with your questions, photos and news.

NATIONAL CURRICULUM

Try our **Learn At Home Activity Packs**. Each pack is linked to different subjects in the national curriculum and is suitable for KS1 or KS2 pupils. These activities can be completed alone, or with support from parents or siblings – perfect for stand alone lessons or to inspire a larger project.

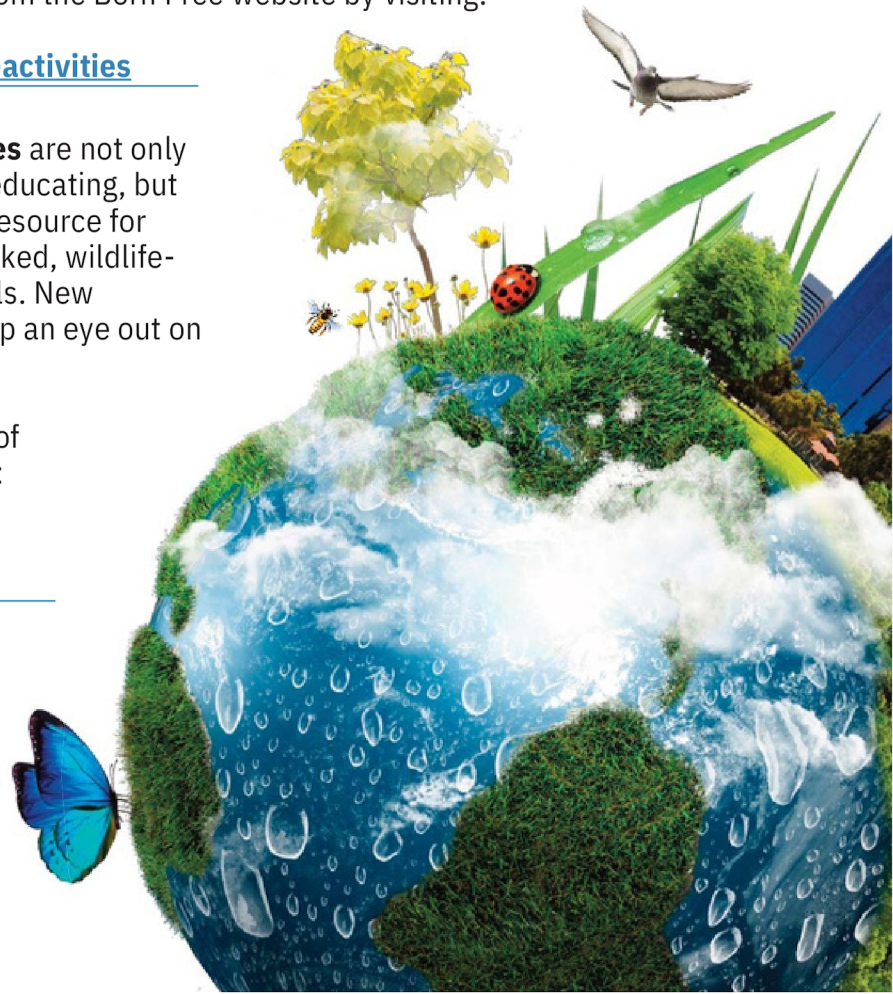

The packs can be downloaded directly from the Born Free website by visiting:

<https://www.bornfree.org.uk/wildlife-activities>

In addition, our **Learn at Home Resources** are not only great to support parents who are home-educating, but can be used as an additional classroom resource for teachers. Each resource is curriculum-linked, wildlife-themed and suitable for KS1 or KS2 pupils. New resources will be added regularly, so keep an eye out on our website for more!

Alternatively, you can find our full range of **Teaching Resources** on the TES website:

<https://www.tes.com/teaching-resources/shop/BornFreeFoundation>

REALLY WILD READING

We have a host of roarsome facts and information about wildlife available in exciting and easy-to-read formats for children.

Find backdated issues of our kids' magazine – *Hear the Roar!!* here:

<https://www.bornfree.org.uk/publicatoinis>

You can also read through our monthly email – *Hear the Roar!! Extra Loud*. Like what you see? You can sign up for free and receive future emails straight into your inbox!

FUN ACTIVITIES FOR KIDS

Once the schoolwork is done, the learning doesn't stop!

- Spend time in your garden or local area and try to spot as many bird and invertebrate species as you can using the Born Free spotter guides. Remember to be kind to nature and observe wildlife, rather than handling or chasing
- Watch one of our many wildlife videos! The children in your life can learn amazing facts about wildlife and what Born Free is doing to Keep Wildlife in the Wild

- [Learn six incredible giraffe facts](#)

- [Visit some Ethiopian wolves](#)

- [Meet a ranger dedicated to protecting rhinos](#)

- [Get to know Jora and Black](#)

- [Meet Ciam and King](#)

- [Or just enjoy that #FridayFeeling](#)

- See what the orca and sea lions are up to at our partner organisation, watching one of their live webcams:

- [OrcaLab](#)

- Try one of our wildlife-themed puzzles, games or quizzes:
